W. D. WALLACH, Editor and Proprietor. WASHINGTON CITY:

ORGANIZATION OF NATIONAL BANKS IN STATES THAT HAVE BEEN IN REBEL-In the organization of National Banks in States that have been in rebellion, the Cemptroller of Currency, conforming to the recent decision of the United States Supreme Court, will require applicants who have been residents in those States during the rebellion, the oath of allegiance to be filed with the application papers, in order that it may appear that the parties are qualified to unite in the organization of a bank, and not under such dis. abilities as would prevent the granting of a franchise to them. In the organization of any bank it is necessary that at least three-fourthe of the directors should have been residents in the State where the bank is located one year prior to its organization.

Banks will not be organized nor papers received for organization in any place not fully under the control of the Government.

VIRGINIA AFFAIRS. Gev. Pierpoint, we hear, will in a day or two issue an address to the people of Virginia. We understand also that he will make a recommendation that the Congressional electiens in the State be postponed until October

Richmond Rebels "Taking the Oath." We are favored by Capt. Talbot, of the mail boat City Point, with copies of the Richmond Whig and Times of yesterday, from which we take the following:

[From the Richmond Whig, May 2.] TAKING THE OATH .- Most of the prominent officials and citizens of Richmond have taken the oath of allegiance to the United States Government, and there is a general disposition among the mass of citizens to follow their example. Among those who have subscribed to the oath are Joseph Mayo, Mayor of Rich-mond; Judge William H. Lyons, Judge of the Hustings Court; Littleton Tazewell, Prosecuting Attorney in the same court; James K. Caskie, Recorder: Thomas U. Dudley, City Sergeant; Judge Meredith, of the Circuit Court of Richmond; P. H. Aylett, late Prosecuting Attorney of the Confederate States District Court; Joseph R, Anderson, proprietor of the Tredegar Iron Works; William H. Macfarland, President of the Farmers' Bank, and others less prominent. Physicians, lawyers and professional men generally, with some few exceptions, have taken the oath and resumed the practice of their professions.

We have no data upon which to calculate the number of oaths administered, but the aggregate embraces a large percentage of the male resident population. RESUMED HIS DUTIES .- Robert Howard.

Clerk of the Hustings Court of Richmond, having taken the oath of allegiance to the government of the United States, has resumed the functions of his office in the City Hall. Audrew Jenkins, Deputy Clerk, also took the oath, and enters upon his duties. FIRST EXPORTS .- We observe, from our

e column, that the steamer B. & I. Baker, Captain Sparrow, commences loading this morning at this port with a cargo of tobacco and miscellaneous goods for Norfolk and Baltimore direct. This is the first steamer loaded at the port of Richmond since the opening of the James and the raising of the blockade. It is something of an event; and we wish the shippers success in procuring a full cargo.

Union League Club in New York on Wednesday evening, discussed at considerable length the essentials of reconstruction. In his view, they are four: No more slavery: Constitutional acknowledgment by each State that there can be no right of Secession under our trovernment; repudiation of the war debt of the Rebels; and the complete disfranchisement of all who have held civil or military offices under the so-called Confederate Government.

REPAIRS ON NAVAL VESSELS .- The Navy Department has issued orders to the effect that no repairs shall be made upon vessels unless all that are needful can be made at a cost less than a certain sum named in the orders. Vessels which cannot be put in condition for that sum will be sold. This will soon place in the market a large number of gunboats, mostly purchased from the merchantservice and converted into blockaders.

Marshal General at New York, has received natructions from Washington to muster out of service and discharge all recruits, dratted mer, substitutes and volunteers for old regiments remaining in rendezvous, and all men in organizations not yet started to the front (except for Hancock's Corps.)

KNOXVILLE, May 2 .- A man who was on one of the railroad trains captured by Stoneman's cavalry, between Greensburg and Salisbury, says Jeff. Davis was on the same train, on his way to Charlotte, N. The infantry portion of Stoneman's command is engaged in clearing the mountains of bushwhackers, guerrillas and horse-thieves, and they are making clean work.

THE REBEL RAM WEBB.

Her Crew will Probably be Captured-Official Report of Admiral Thatcher. The following has been received at the Navy

FLAGSHIP GLASGOW, NEW ORLEANS, Apri, 24, 1865 .- Hen. Gideon Welles, Secretary of the Navy:-Sir: I have the honor to inform the Department that the rebel ram Webb ran the blockade of the Red river this morning, and passed this city at a high rate of speed, but so unexpected was her appearance that she received only two shots through her huil in As she approached the city she was flying

the U.S. flag at half mast, and was mistaken for an army transport.

The Hollyhock, Lieut. Com'd'g Gherardi; the Florida, Acting. Vol. Lieut. Com. W. Budd; the Quaker City, Lieut. Com. Spicer, and the Ossipee, Com. Le Roy, were despatched in pursuit of the ram, the Hollyhock far ahead, and when about twenty-five miles below the city she encountered the Richmond, Captain Theo. P. Green, coming up. The ram then headed in to the left bank of the river, ran on shore, and was set on fire by her commander, who proved to be Edward G. Reed, formerly of the U.S. Navy.

Her crew consisted of about forty-five men, and her cargo was cotton, rosin and turpentime, so that she soon blew up, the crewescaping to the swamps, except three, two of whom were captured, and are prisoners. The third was destroyed with the vessel. Her armament consists of three guns.

The whole party will probably be captured by troops who will forthwith be dispatched in pursuit of them. As the ram passed the city she had a torpedo suspended from a spar from her bow. I have the honor to be, very respectfully,

your obedient servant, N. K. THATCHER. Acting Rear Admiral,

Commanding West Gulf Squadron. FROM CITY POINT.

Arrival of Ex-Governor Aiken. The mail boat City Point, Captain Talbot, arrived here this morning with the Richmond and City Point mails, and a large number of

army officers. The steamship Arago arrived at Fortress Monroe yesterday afternoon from Port Royal, S. C., having on board Ex-Governor Aiken, of South Carolina, and Lamar, of blockade-running notoriety, who were arrested at Charles-Lamar were brought up on the Oity Point boat, in charge of General Jeffries, unaccompanied by any guard. The Governor is venerable-looking, his hair flowing in long gray ringlets, and he wears a heavy white beard. He was dressed in a light gray summer suit, with light-colored slouch hat, and was accompanied by his daughter. Mr. Lamar was also accompanied by one or two ladies. The prisoners had but little baggage with them, and upon alighting from the boat they were immedistely placed in a hack and driven away.

The 6th and other corps of the army of the Potomac have broken camp, and are now on the march to Washington, where they will shortly be joined by a large portion of General

Sherman's army. It was expected at Fortress Monroe that General Sherman and staff would arrive there to-day in a special boat, and immediately proceed to this city. Major General Humphreys, Brigadier General Prince, Colonel Markland, special agent

of the Post Office Department, and Senator THE HARRIS COURT MARTIAL, The Court Martial for the trial of Benj. G.

St. Mary's county, Maryland, on or about the 26th day of April. 1865. Specification second .- In this, that Benjamin

G. Harris, a citizen of Maryland, and a member of the Congress of the United States, did knowingly harbor and protect the public enemy, to wit Sergeant Richard Chapman and Private William Read, of company K, 32d regiment Virginia infantry, soldiers of the so-called Confederate States of American, then in rebellion against and at war with the United States, by procuring them to be lodged and fed in a private house, and furnishing them with money therefor, he, said Harris, then and there well knowing said Chapman and Read to be soldiers of said army, and treating them and offering to give them money as such, and at the same time advising and inciting them te continue in said army, and to make war with the United States, and emphatically declaring his sympathy with the enemy and his opposition to the Government of the United States and its efforts to suppress the rebellion. This at or near Leonardtown, St. Mary' county, Maryland, on or about April 26, 1865 Sergeant Richard Chapman and Private William Read, company K, 32d Virginia infantry, Confederate army, were thoroughly examined and cross-examined yesterday before

the court. Two paroled rebel soldiers were examined, and testified that Harris had at his residence given them money, and advised them not to regard their parole, and to continue their hostility to the Government. Mr. Harris objected to their testimony upon

the ground that they were guilty of treason, and therefore being enemies of the country could not testify against a citizen. The Judge Advocate then propesed to prove by the neighbors of Mr. Harris that he himsel as disloyal, and, with the witnesses, a mutual enemy of the United States, and, consequently, not privileged to make exception to

their testimony. Mr. Harris proceeded to discuss the point raised, claiming that treason only was men-tioned in the Constitution, that disloyalty was not defined by law, and as a sentiment not punishable. The Court notified him that he should put

his objections in writing, and after some hesitation he stated that he would resume his ob-This morning the Court met, Genl. Foster

Mr. Harris is attended by his brether, and on being brought in sent for Mr. James M. Carlisle, to act as his counsel. The Court was then cleared for the purpose of deliberation upon the point made by the Judge Advocate and the objections of

Mr. Harris, and upon re-opening took a recess until half-past twelve. Upon re-assembling, in consequence of the absence of some of the witnesses, the Court adjourned until to-morrow.

NAVY YARD.

Yesterday Admiral Porter, who has been relieved of the command of the North Atlantic Squadron, at his own request, visited the steamer Malvern, his late flag ship at the Navy Yard, and took leave of the officers and crew. He was received with a salute and hearty cheers by the tars. The Malvern will remain here for a few days for repairs.

The Primrose, of the flotilla, was launched yesterday from the railway, and is now ready for service. The Dragon, Fuchsia, and Rescue, purchased vessels, will be repaired, a commission having reported that it will be more to the Govern-

ment interest to repair than sell them. The Santiago de Cuba is being fitted up preparatory to taking a number of officers of the Navy Department on a tour of inspection to the various Navy Yards.

In consequence of the war being virtually at an end, and the supply of ammunition, &c., at the Ordnance Yard being far ahead of the demand, about one hundred hands, joiners, moulders, and boys and girls in the laboratory have been discharged.

CAPTURE OF A STEAMER. The Navy Department has received information of the capture of the blockade running steamer Cora, on the 25th ult., by the U. S. steamer Quaker City, 13 miles east of Brazos Texas. The Cora is a stern wheel steamer, and she was bound from Corpus Christi, Texas, to Bagdad, Mexico, with a cargo of lumber.

As the naval torces of the United States are to be reduced as speedily as possible, large numbers of officers are sending in their resignations to the Navy Department, all of which are being accepted. THE NORTH ATLANTIC NAVAL SQUADRON The blockade-running business being about

LOCAL NEWS. VISIT TO PRESIDENT JOHNSON .- The mem bers of the Levy Court of Washington county, headed by Nathan Sargent, Esq., called upon President Johnson this morning at his office in the Treasury Department building for the purpose of paying their respects to him. HELD TO BAIL FOR COURT.—Yesterday af-ternoon John Lynch and Alonzo Besson, who were arrested some days ago by the 2d pre-cinct police, and were held for a hearing by Justice Thompson, were taken for trial to the Third ward station house. Mr. Norris appeared as counsel for Besson. The charge against the prisoners was assault and battery and robbery of a soldier named Frank Denco on the night of the 14th instant, near the grave yard, on 11th and V streets west. Frank Denco being sworn testified that he with a friend named Kelly met at a little shanty kept by Mrs. Murphy, near the Park, on 7th street. Lynch, Besson and others were there, and appeared to be friendly. They drank together, and witness during the evening drank five or six glasses of beer. At a late hour witness and Kelly started to go to their quarters at Chilburne barracks. Lynch, Besson and two others started with them. When they arrived near the grave yard, Lynch attacked witness, who had a lame hand, and Besson presented a pistol at Kelly's head, and told him to leave or he would blow his brains out. Kelly did leave and ran off, and immediately witness was knocked down, very severely beaten, and was robbed of his watch, \$32 in money, one shoe and stocking, his necktie, and other articles of less importance. Witness was posi-tive that Besson and Lynch are the men. Lynch was a soldier and Besson had brass buttons on his coat, and said he was a Lieu-

tenant The prosecution rested upon this witness, Kelly being with his regiment at Point Look-ont, and the other witnesses who were at Mrs. Murphy's had not appeared.

The defence introduced two colored women to prove an alibi in the case of Besson, one of whom, Mary Berry, testified that Besson went

home at 4% o'clock p m, on the 14th instant, sick, and did not go out again that night, as she and her mother staid in the room with him all that night. Josephine Johnson testified that Bessen came home at 4% o'clock on the 14th inst, and did not not go out, as she knew, up to 10 o'clock

Mary Berry said she had known Bessen two

years; did not live with him two years ago, Justice Thompson proposed to the counsel to continue the case until the other United States witnesses could be obtained or to decide now. Mr. Norris chose an immediate decision. Justice Thompson immediately decided to hold the parties to bail for court.
